

Minutes of Extraordinary General Meeting
on 2nd August 2007 @ 20.00hrs

Adoption of Draft Constitution for CASC registration.

1 The Chairman welcomed all who attended and introduced the topic for discussion.

2 H B outlined the work which had been done and indicated the 15+ variations which had been done to satisfy the requirements for CASC registration. None of these variations materially affect the club in the way it is operated and run.

To a question re. why the Codes of Practice had been included, it is a requirement of the CASC registration that they see all paperwork which is available to members so it was decided that it was simpler to make it one complete document.

H B thanked everyone who had help in their contributions and proof reading of the Constitution leading to this application for registration.

Vote – unanimously in favour.
